INTRODUCTORY.

Thankful for all the favors bestowed upon me during the publication of this work, either by paironage or information given, I place this Directory of the City of Bloomington before the public, hoping that the zeal inspiring me, to furnish an acceptable book, both in correctness and form, will be realized by all, and that they will look with indulgence upon the errors, which will unavoidably occur in every directory. The population of our city is highly intelligent and accommodating, which was of material aid to the publication of this book.

This Directory contains the names of 5,710 persons, most all of whom are males over twenty-one years of age. This indicates, with precision a population of 19,950. The gain during the last twenty-two months, when the United States Census was taken; is about 5,000 souls. Bloomington is now the fourth

city in size in the State, only second to Chicago, Quincy and Peoria.

The rapid and steady increase of the population of Bloomington has resulted from various sources. The beautiful location of the city, on high rolling prairie, richly ornamented with shade trees, parks and public buildings is unequaled in the west. The surrounding country is the richest agricultural region of the State of unequaled fertility, and a climate free from all miasmatic diseases. Nature has done its share to grade our streets, thus saving our city thousands of dollars. A wise administration of our city has kept our finances in a sound condition. Our city debt is more than a million less than that of our rivals Springfield and Quincy. Besides this we enjoy more real improvements than any city in the West. Our court house, built of handsome marble, joists and dome of iron, superb halls with marble floors, is considered fire proof and one of the finest buildings in our State. It was erected at a cost of over \$400,000. Our public schools are the just pride of our citizens. The Board of Education employs upwards of fifty teachers, and we venture to say, that they rank favorably with those of any city in the country.

The church edifices are commodious and well furnished. Pains are taken to give visitors and strangers a cordial welcome. Masonic, Odd Fellows and Good

Templars' Lodges are in a flourishing condition.

Manufacturing is carried on in Bloomington to a considerable degree and is constantly on the increase. Few cities have equal facilities for manufacturing. Railroads are diverging from our city in nine different directions and carry our products to all parts of the country. The McLean County Coal Company, operating the South Shaft inside of the city limits, furnish us with best coal found in the State, at a low price. The gas works of the city have hardly got their equal anywhere, and are the property of Gen. Asahel Gridley, a gentleman to whose enterprise Bloomington owes many of its improvements and a good deal of its present prosperity. Gas is furnished in excellent quality at a very reasonable price to more than a thousand consumers. Eighteen miles of street are lighted, requiring about 400 gas lamp posts.

The supply of water in our city has sometimes had difficulties; but since it is proved that we possess a well within our city limits that will furnish enough

water to supply a city with a hundred thousand inhabitants, this obstacle to the manufacturing will be removed very soon. Our water works will cost little more

than \$100,000, and will be a good and profitable investment.

Emigration is cordially invited to our beautiful city. The Board of Trade make it their especial business to furnish information to new comers and to parties who wish to settle in our midst. The Board is composed of our most trustworthy citizens and any information derived from this source is reliable, and cheerfully given.

If we wish to keep up the present rapid growth of Bloomington, we must encourage and sustain home enterprise. Water works are much needed and should be built this summer. With the expectation that Bloomington will be the second city in size in the State at the publication of my next City Directory, in two I remain, Yours Truly.

Roman Catholic Church, (Immaculate Conception) sw cor Chestnut and Main, Rev. J. J. McGovern, pastor; Rev. Jos. Cartan, Assistant pastor; Rev. M. Lyons, 2d Ass't pastor.

Organized in November, 1853, by Rev. Bernard O'Hara under the title of the "Holy Trinity." The Society purchased the old M. E. Church building, on the corner of Main and Olive streets, increased its seating capacity by the addition of two wings, and continued to occupy it until a year ago, when the

pressure, which had long been felt, became so great, that a removal was absolutely necessary. Two years previous a new church edifice, had been commenced on the corner of Main and Locust streets, and the immense congregation looked forward to a time, near at hand, as they fondly supposed, when all could gain admittance. But just as the walls, towers and roofs of the magnificent structure were finished, a heavy wind storm overthrew it, and in a moment's time the society suffered aloss of thirty or forty thousand dollars. Misfortune infused new zeal and enthusiasm into the church. The new church edifice is built on a still more spacious plan, with more solidity, and at still greater expense, in the Romanesque style of architecture, 192 feet long, 80 feet wide, at the estimated cost of \$85,-000. It will be the finest Catholic Church in the State. The building is partly finished, and is used by the congregation as their place of worship now. The number of members approximates 6,000.

FACULTY.—Rev. O. S. Munsell, D. D., President, and Professor of Ethics and Metaphysics; H. C. DeMotte, A. M., Vice President and Professor of Mathematics; Rev. J. R. Jaques, The course of study covers three years, or if the Latin and Greek languages are included, four years. But certificates are given for successful work of one and two years.

Students seeking admission to the University should make application to the School Superintendent of the county in which they reside, and are required:

(1.) To be, if males, not less than 17, and if females, not less than 16 years of age.

(2.) To produce a certificate of good moral character, signed by some responsible person.

(3.) To sign declaration of their intention to devote themselves to School Teaching in this State.

(4.) To pass a satisfactory examination, before the proper officers, (County School Superintendent,) in Reading, Writing and Arithmetic, Geography and the Elements of English Grammar.

MODEL SCHOOL.

The Model School is divided into three grades—the High School, Grammar School and the Intermediate and Primary School. Each of these grades is under the charge of an experienced and accomplished Principal. For the lowest grade a system of Object Lessons has been prepared with the greatest care. In the Grammar School the work is carefully adjusted to the mental wants of the pupils. In the highest grade are two courses—the classical, which is thorough and extended; and the general, which is a preparation for business.

Boys and girls from abroad may be confidently intrusted to the care of the Principals. Monthly reports of deportment and scholarship are sent to parents.

Tuition in the Normal Department free. In the High School, \$30 per annum.

In the Grammar School, \$25 per annum.

In the Intermediate and Primary, \$12.50 per annum. The next Term begins on Monday, April 8, 1872.

Languages, and Mental and Moral Science.

Mrs. H. H. Conover, Associate Principal and Teacher of Primary Department.

Mrs. N. P. Perry, Teacher of Advanced Department.

Miss Emila A. Howard, Teacher of Music, French and

Painting.

REGULAR COURSE OF STUDY.—Reading, Spelling, Defining, Arithmetic, Grammar, Geography and Map Drawing, History, Algebra, Geometry, Trigonometry, Botany, Physiology, Natural, Mental and Moral Science, Astronomy, Geology, Chemistry, Rhetoric, Logic and English Composition.

EXTRA COURSE OF STUDY. Latin, Greek, German and French

Languages, Music, Drawing and Painting.

Every reasonable effort is made to render all the pupils thorough in scholarship, exemplary in morals, and lady-like and accomplished in manners. To secure these qualifications the co-operation of parents and guardians is indispensably necessary. The number of pupils is limited, so that each one may receive that personal attention of the teacher, which may be necessary to her proper development and culture.

Bloomington Business University.

Located 118 N. Centre, cor of Washington, over People's Bank.

M. De La Brown, proprietor and principal.

The Bloomington Business University, as at present (and permanently) organized, is eminently fitted to meet the wants of young men and ladies, who desire to qualify themselves for commercial duties, either as proprietors or book-keepers.

In Penmanship, there are three departments sustained in this Institution: Business, Teachers and Primary. The first class is made up of those who desire to become first class business penmen. The second for those who wish to become teachers. The third for new beginners.

Book-keeping is taught in all its branches, and practically ap-

plied to every branch of business.

Since January, 1870, when the present proprietor of the Institution assumed the duties of principal, this school has been in a prosperous condition and the number of scholars is constantly increasing.

St. Joseph's Academy.

This Institution, under the direction of the Sisters of St. Joseph, was established in 1864. It is located on Chestnut near the cor of Centre. The building is of brick; capacious, substantially built, well ventilated and comfortable in all re-

spects.

The school sustains a high character, and has the confidence of all, without reference to creed. It is under Catholic government, but no attempts are made to influence the religious opinions of pupils, contrary to the wishes of parents or guardians, and its catalogue contains the names of misses and young ladies of all leading denominations. As a boarding school it has no superior in the West. The instruction is thorough—the regulations accord with the discipline of the best model schools—the terms reasonable.

The site of this Institution is in the highest degree healthy. Monthly reports of behavior and application are read in the presence of teachers and pupils, and distinctions conferred on those whose conduct and progress have merited reward.

Letters of inquiry, &c., must be addressed to "Mother Su-

perior, St. Joseph's Academy, Bloomington, Ill."

ABSTRACT OF THE REPORT OF MRS. H. R. GALLINER, LIBRARIAN.

No. of Books in Library, March 4, 1871, 4,468. No. of duplicate books sold, 25. No. of books lost, 3. No purchased during the year, 368. No. presented during to year, 228. Total number of books now in Library, 5,092, No. of persons taking books, March 4, 1871, 392. No. of persons taking books, March 4, 1872, 470. No. that have taken out books during the year, 783. No. of books now in circulation, 800. No. of books taken out during the year, 23,166. Total No. life

members, 167. Transient subscribers, March 4, 1871, 300. Transient subscribers, March 4, 1872, 362.

The increase in receipts this year has been greater than that

of any previous year in the history of the Library.

The daily attendance has averaged 80. Total for the year, 23,760.

The finances of the Association are in a healthy condition. The Board of Managers in their report, say: It is believed that the Library to-day exerts a wider and better influence and occupies a more honored place among the public institutions of our city, than at any other time in our history. Since the last report, it has been removed to its present rooms, thereby not only becoming much more attractive and convenient, but being saved from almost, if not quite total destruction. In its new location, however, it has not been free from peril, and was only saved by a hasty removal, in which, though many books were damaged, none were lost. In consequence, we were compelled, much to our regret, to close it for about a month; yet this, with some of our patrons, may have had the good effect of making its advantages and benefits more fully appreciated and valued.

German Benevolent Society.

Officers.—C. Rothermel, President; F. Hacker, Vice President; A. Bennecke, Sec'y; F. Volz, Treas.; F. Oberkoetter, J. Brechbeller, L. Hacker, Jos. Nies, Trustees.

MEETINGS.—First Monday of every month.

Number of Members 103.

Hibernian Benevolent Society.

Officers:—J. H. Regan, President; Wm. Ryan, 1st Vice Pres.; Wm. Bell, Recording Secretary; P. Duffy, Cor. Sec'y; P. H. Maher, Treasurer.

MEETINGS.—First Thursday of every month. Hall 116 S.

Main, up stairs.

Organized January 1st, 1869. Members 148.

Ladies' Benevolent Society.

Officers.—Mrs. G. Ferre, President; Mrs. S. Minor, Mrs. D. Kern, Vice Presidents; Mrs. H. C. DeMotte, Sec'y; Mrs. J. P. Moore, Treasurer.

The object of this Society is to relieve worthy destitute fam-

ilies in our city.

The Society was organized in 1868. From nearly four years experience it is working with great success. Its working power was never greater and more efficient than now. With the co-operation of our citizens and the confidence it has already won, it cannot fail to be a permanent organization in this city.

Bloomington Musical Union.

Officers.—A. B. Coe, President; J. W. Whipp, Vice President; Prof. H. C. DeMotte, Sec'y; F. A. Parker, Director.

Number of members, about 100, composed largely of the

best singers in the church choirs of the city.

Meets, every Monday evening at the High School Building. The object of this society is to improve the present standard of singing. It gives all classes of musical people—the professional and the amateur an opportunity to practice the best works of the old and new masters.

Bloomington Turn-Gemeinde.

Officers.—H. Hasenwinkel, 1st Speaker; H. Dettmer, 2d Speaker; F. Behr, Sec'y: A. Harms, Treas.; C. Koch, Teacher of Gymnastics; G. Gille, Warden.

MEETINGS.—First and third Tuesday of each month.

Organized in 1870.

New Hall, se cor Chestnut and Lumber.

The object of the society is the promotion of bodily and mental health of its members.

Bloomington Turn-Verein.

Officers.—C. Riebsame, President; Aug. Wagenfuehr, V. Pres.; G. Haberland, Rec. Sec'y; G. Klein, Cor. Sec'y; C. Trimter, Treas.; L. Stober, 1st Teacher of Gymnastics; G. Apelt, 2d Teacher of Gymnastics; G. Wahle, Warden.

The aim of the Society is the realization of the principles of humanity and progress, by means of cultivating gymnastic exercises, and improving the intellectual powers and abilities, so that the mind keeps step with the development of the body, produced by the physical exercises.

Furthermore, the Society binds itself to assist any sick mem-

ber, or a member in want of help, with all their power.

The Society lately formed a gentlemen's singing class, with good success. The productions of this department are very encouraging.

The Society was organized April 20th, 1855. Business meet-

ings in their hall, 109 S. Main, on the first and third Fridays of each month. Meetings for practice Tuesday and Thursday of each week.

Bloomington National Guards.

Hiett, Saybrook; John Sweeney, Normal; L. H. Skeggs, Padua. R. D. Bradley, Sec'y.

Munsellian Literary Society.

Officers.—M. V. Crumbacher, Pres.; T. Sterling, Sec'y; Miss Mollie Bone, Assist. Sec'y; W. H. Wylder, Chaplain, S. Van Pelt, Treas.; Miss Sallie Smith, Librarian; W. H. Booth, S. Fullenwider, D. M. Crum, Court.

The Munsellian Society was organized on the 22d of May,

1863, and chartered by the Legislature in 1869.

There was at the time of the organization but one Society in the University. Eight members withdrew from this and founded the new Society, They believed that a second organization would give an impetus to literary culture.

They undertook to found a society which would fully meet the needs of the body of students—one whose regime should reach every member, and whose aim should be to develop abili-

ty as well as to exhibit what it might happen to possess.

The Society was compelled to meet in a recitation room; at length, however, a room was secured which was seldom used, and in 1867 this room was granted to the Society for its exclusive use. It was soon furnished and is the present hall of the Society.

At this time, (1857,) the Society had emerged from its early struggles, and had become a recognized power. Its roll was large and included the best students in the College. In this year the Munsellian gave its first exhibition. It has since been repeatedly before the public, both in its exhibitions and in its special sessions, and has received gratifying marks of approval.

In the fall of 1870, ladies were admitted into the University. The Society welcomed them and many have become active members, adding to the interest and merit of the exercises.

The Munsellian has bright prospects. Nine years ago it numbered but eight members; its growth from that time has been rapid—to-day it can speak for itself. A cordial invitation is extended, to all worthy students, to enter the Society, and participate in its advantages.

Belles Lettres Society of the Wesleyan University.

Officers.—J. M. Blazer, Pres't; Miss Hattie Estes, Vice Pres't; Miss Allie Wheeler, Sec'y; C. Rayburn, Assist. Sec'y; J. H. Long, Chaplain; C. L. Frazer, Treas.; Miss E. J. Greenlee, Librarian; E. M. Heafer, Attorney; C. H. Long, J. M. Grant and C. H. Tuttle, Court.

The Society was organized in 1859, under the auspices of the Illinois Wesleyan University, for the purpose of culturing literary and oratorical talent. The Society is in a flourishing condition; a valuable library is at the disposal of its members.

Newspapers.

The Daily Leader, owned by the Leader Co., office 210 N. Centre, up stairs, west of the Court House. Established in 1868. B. F. Diggs and C. P. Merriman, editors; M. F. Leland, city editor.

The Weekly Leader, owned by the same Company, was established in 1868.

The Daily and Weekly Leader, enjoy great popularity in the city and county and the present editors take great pains to make it acceptable to its readers.

Connected with this establishment is a book and job printing office, of the best reputation and well patronized. It is at this office that the City Directory was printed, and it is a fair specimen of the work turned out by the Leader Company.

The Daily Pantagraph, office Pantagraph Building, north east cor North and Centre. Established in 1857. W. O. Davis, proprietor. Editors, E. J. Lewis, D. A. Ray, W. O. Davis.

The Weekly Pantagraph, office Pantagraph Building; established in 1846. Published every Friday.

These papers are ably edited, have a large circulation and are a first rate medium of advertising. They are also highly

recommendable as political and family papers.

The Pantagraph has one of the best book and job printing offices in the State, the only steam press in the city, the greatest variety of type, and all the facilities of a modern printing establishment. Work is promptly executed and gives general satisfaction.

The Bloomington Democrat, is a weekly paper, owned by Mr. S. S. Parke, office 220 N. Centre cor of Jefferson, up stairs.

Established in 1868. Issued every Friday.

Mr. S. S. Parke, the proprietor of this well held Democratic paper, is highly respected by his numerous friends in the city and throughout the State. We recommend the paper to the Democratic party and to all those republicans, who seek for information in politics. We understand that the Democrat is doing well, and that the paper has many subscribers in McLean County. The job office is complete, and prices reasonable. The foreman understands printing thoroughly, and knows how to treat customers.

For specimen of their printing see the advertisement of the

Democrat office.

The Bloomington Republican, office 114 N. Main, up stairs, A. B. Holmes & Bro., proprietors. Established in 1865.

This is a weekly paper, published every Saturday, has many subscribers, is read by the citizens of Bloomington and the farmers of McLean county, consequently a good medium of advertising.

The job office of Messrs. A. B. Holmes & Bro., is excellent, possesses the most improved modern presses, new type and employs skillful printers. In order to avoid mistakes, we repeat, that the Republican office is located 114 N. Main, up stairs, and is owned by A. B. Holmes & Bro.

Bloomington Real Estate Journal, O. B. Harris, proprietor, office north east corner of Washington and Main, in basement. Established in 1871.

Published monthly, 3,000 copies, at the extremely low price

of 50 cents a year.

The paper being intended to facilitate the sale or rent of real estate is highly recommendable as an advertising sheet to those who wish to buy or sell houses, lots or farms, either in the city, county or any where in the United States. Through the agency of Mr. Harris, many a piece of property changes owners. Charges reasonable. Remember his new office, basement of 201 N. Main, corner of Washington.

The Alumni Journal, a monthly periodical, was first published under the auspices of the Alumni Association of the Ill. Wesleyan University in June, 1870. Only a few numbers appeared during that year. At the 1st of January, 1872, Professors H. C. DeMotte and B. S. Potter undertook the publication under their own responsibility. This is the best recommendation we could give to this periodical, for the above named gentlemen possess the general esteem of the public in the highest degree.

Nothing less than first-class productions are expected from

these gentlemen.

We have seen and read the two first numbers of the Alumni. It is printed on fine paper, with new type and the pamphlet is of first rate appearance. Many of its well written articles are furnished by the talented Alumni, lately students of the Ill. Wesleyan University. The Journal is printed in 1000 copies; the number of subscribers amounts to about 800 already.

McLean County Deutsche Presse, J. Koester, editor and publisher, office 114 W. Washington, south of Court House, up stairs. This German paper was established one year since, by the present publisher, who conducts the same in such a manner that hee arns the approbation and the patronage of his numerous subscribers. The chief inducements of this weekly publication, are its excellent and forbearing style, its reasonable price and the long credit extended by Mr. Koester, to his patrons. The office is improving daily and by the proposed introduction of new presses and other machinery, will soon be able to do good job printing.

The Bloomington Anzeiger, office Pantagraph Building, Mr. C. H. Henrici, proprietor and editor. Established in 1869.

Since our esteemed friend Mr. C. H. Henrici, took the responsibility of the publication of this paper, the German population of Bloomington may be proud of possessing a weekly, equal to some of the best productions of the State. The Anzeiger represents the true interests of the German population and is an able advocate of republicanism.

The, paper being well circulated and read, should receive many advertisements, intended to go before the German pub-

lic.

Cemetery Association.

Officers.—O. T. Reeves, President; L. Graves, Secretary, Treasurer and Superintendent; C. W. Holder, C. Wakefield, O. T. Reeves, Trustees.

Organized, 1857.

Locality.—The Cemetery, containing forty acres, is located at the east end of Fremont Street, in the south part of the city. The site, rolling prairie, interspersed with shade trees, is beautiful. Many fine monuments ornament the abode of the dead.

The old City Cemetery, containing ten acres, adjoins the above, and is in the same same enclosure. Entrance east end

of Hardin Street.

Lafayette, Bloomington & Mississippi Railway Co.

Chartered and organized in 1867.

Officers.—J. N. Drummond, Pres., A. Anderson, Vice Pres., W. B. Corneau, See'y and Treas., Toledo, Ohio; A. B. Bayliss, Trustee, New York.

DIRECTORS.—A. Boody, A. B. Bayliss, Isaac V. Knox, Wm. Kidd, James White, New York; A. Gridley, J. H. Cheney, O. T. Reeves, Bloomington, Ill.; W. H. Pells, Paxton, Ill.

This is one of the most important roads now entering our city, and we are indebted to our most enterprising citizen, A. Gridley, Esq., and other prominent business men of McLean county, for its construction. The road was built for the especial benefit of our growing city of Bloomington, which will be, when the track to the West, probably Quincy, is completed, the most central point of this line. We hope that our distinguished citizens, representing in the board of directors, will always see to the best interests of this city and county, and that they may be able to carry out their projects.

We learn that this road is leased to the Toledo, Wabash and Western Railway Co., and will be operated in the interests of

that road and the Lake Shore and New York Central.

McLean County Coal Co.

Officers.—M. T. Scott, president, J. B. Stevenson, sec'y and treas., T. McComb, supt. of Shaft. Office 209 W. Wash-

ington street.

April, 1867, the McLean Co. Coal Co. was organized, and the sinking of a shaft commenced on the West end of Washington street. The first vein was reached and abandoned. The following summer, the Company sunk the shaft to the second vein—a distance of 400 feet. This proved to be a very fair article of semi-anthracite coal, excellent for domestic use, and superior to the majority of Illinois coal. The vein is still worked, the coal being used by hundreds of people in the city and in neighboring towns. The Company, however, prospected still deeper, and on the last day of July, 1870, they reached the Third Vein. This vein of coal is unquestionably the best discovered in Illinois—light, dry, clear and pure, ignites easily, burns freely, and makes but little ashes. It is 541 feet below the surface, the deepest shaft in the State.

The Company has expended about \$150,000 in developing the coal veins in Bloomington—certainly a very risky enterprise. And now, after one of our coal mines, (the North Shaft,) was abandoned as worthless, we do not see this Company yet in a prosperous condition. Coal mining is very profitable here,—yes, indeed, very profitable for this city of Bloomington, but not for the Company. Yet the future prosperity of our city is to a great extent depending of these

mines.

Board of Trade.

Organized in 1871.

Officers.—Richard H. Holder, President, Dwight Harwood, 1st Vice President, E. B. Steere, 2d Vice President, George F. Dick, Treasurer, D. A. Ray, Secretary.

DIRECTORS.—J. A. Jackman, Henry Conkling, B. F. Hoopes, W. H. Winegardner, Wm. Spurgin, K. H. Fell, Lyman Ferre,

J. G. Stowe, O. Rugg, Peter Whitmer.

The Board of Trade is established, whose business it is to look after the interests of the city. The above named officers and directors take pleasure in corresponding with strangers, who desire to make our beautiful city their home, or who intend to start here in business. All the information concerning the population, business facilities, and resources of the city, is promptly and cheerfully given. The society has already given advice and aid to many new comers and through

its agency the manufacturing interest of Bloomington has

gained considerably.

The important question now before the Board of Trade is the erection of Water Works. We give here the result of the test of the Chicago & Alton well, as furnished by the Board:

"Both pumps at the rolling mill, used in the trial of last Saturday, were started at 8 a. m., yesterday, and worked continuously until the water in the well had been lowered to the lowest point reached Saturday night. This point was reached a few minutes before 3 p. m., at which hour the pumps were slowed down to an average speed of 50 strokes per minute each, and so run for fifteen minutes. At 3:15 p. m., the water in the well had risen $\frac{1}{2}$ inch above the level it stood at 3 p. m., showing that at the speed the pumps were working, the supply of water exceeded the drain from the well. At 3:15 the speed of the pumps was increased, and they were run from that time until 5 p. m. at such average speed, as will be seen by the table below.

| TIME. | Av'ge Strokes per Min. of Pumps. | Gals. Pumped | Change of Level. |
|----------------------|--|--------------|---|
| From 3 p. m. to 3:15 | 109 | 34 245 | Rise of $\frac{1}{2}$ in. Fall of $\frac{7}{8}$ in. Fall of $\frac{5}{8}$ in. |

In ten and three-quarter minutes from the time the pumps were stopped, the water in the well had risen one foot. One-half hour after cessation of pumping, the water in the well stood $20\frac{1}{2}$ inches higher than at 5 o'clock.

These results show that the well can furnish daily (24 hours) more than one million gallons of water, which amount is suf-

ficient to supply a city of about 80,000 inhabitants.

With these brilliant prospects before us we shall have this improvement very soon, at a comparatively small expense.

McLean County Agricultural Society---Organized 1853.

President, John Kelly, Heyworth; Vice Presidents, F. M. Funk and Captain Kennedy; Treasurer, Hon. Warren C.

Watkins; Sec'y, John T. Didlake.

To encourage agriculture, horticulture, stock raising, the arts and sciences, &c., to disseminate valuable information and to promote the public weal, the McLean County Agricultural Society was organized.

T. F. Capp, Blacksmithing, Horseshoeing, Plow Shop.

Mr. Capp's shop is to be found at 303 W. Washington Street, only one block west of the Court House. Mr. C. is not only a thoroughly learned blacksmith and an excellent horseshoer, but employs a number of hands for the manufacture of hardened steel plows. The farmers of our county recommend the work from this shop highly. Repairs are done promptly. In the horseshoeing trade, Mr. Capp has no superior. Satisfaction is guaranteed to every farmer who entrusts his horse's hoofs to the skillful hands of Mr. Capp. Everything in the line of blacksmithing is done at his shop on short notice. The locality is very convenient for farmers; they can leave their teams in the care of Mr. Capp, and attend to their own business in the city.

Great praise is bestowed upon this establishment for turning out excellent plows. They rival successfully the best makes in the country, and are particularly adapted to the soil of McLean County. Mr. Capp makes his prices low, in fact undersells the cheapest trader, and is a gentleman in his dealings. Remem-

ber his shop 303 W. Washington, one block west of the Court House.

Miss J. E. Dick, Dress and Cloak Making.

The shop, lately opened by this lady, is on North Street, in the Phoenix Bank Building, opposite the Bloomington Library. Miss Dick, formerly conducting the business of Miss Nickerson, is well deserving of her fame as a fashionable dress and cloak maker. A perfect fit is always guaranteed by her. At her shop will be found well selected pieces of ladies' cloth, cassimere, &c., suitable for the making of boy's clothes. Miss Dick makes the manufacture of boy's suits, an important branch of her business. The lady makes these clothes to perfection, without charging the exorbitant prices put on these articles by merchant tailors. Miss D. will never botch any job entrusted to her. She has more practical knowledge of tailoring, than most of the men brought up to that trade. Fine suits for gentlemen, are turned out by her. In short, Miss Dick is as good and stylish a dressmaker and tailoress, as any person in the city, and should be liberally patronized. Ladies' underwear, &c., and patterns of late style are sold by her. Call at her shop and convince yourself of the truth of these statements.

Empire Machine Works, Farm Machinery, Castings.

The cut, representing the imposing structure of this superb manufacturing establishment gives the reader an approximate idea of the extensive business transacted by this company. The main building has about 50 feet front, and is some 350 feet deep. When all departments of the factory are running. it requires 250 workmen. But owing to the scarcity of water, the Empire Machine Works could only run a part of their factory successfully.

The first floor is used as a planing and machine shop and foundry. The foundry alone gives labor to about forty men, constantly employed to furnish all kinds of castings, light and heavy. Some ten thousand pounds of casting are produced daily. Columns, fences, railing, posts, house finishing materials, agricultural implements, and any desired article in iron or steel, is produced by

the Empire Machine Works.

On the second floor the pattern makers and painters are at work. Farm machinery is the principal branch of their manufacture. Under the name of Empire Machine or the Farmer's Friend, the Empire Machine Works produce a com-

bined Mower and Reaper, both simple and durable in its construction.

This machine has been used for four years in New England, and has been well tested on the rough and stony ground, peculiar to that section of our country, and was last season tried on the prairie and slough grass of the West, and was not found wanting in a single instance. It is already the favorite of the farmers of McLean County.

Mr. W. F. Flagg, the President of the company, is an old settler of Bloomington, and one of its most enterprising citizens. To this gentleman is due a great deal of the prosperity of our town.

Mr. H. W. Soper, Secretary of the Works, conducts the business of the office in a prompt and energetic manner, and deserves the credit of being a very shrewd

and sagacious manager.

Mr. N. F. Mathewson, the superintendent of the Empire Machine Works, is a perfect gentleman and the friend of everybody that makes his acquaintance. His straightforward conduct has gained him the affection of his employes, the farmers and other patrons of the establishment. He is a thorough mechanic and understands fully all the branches of the manufactory. His word may be relied upon with safety. Every piece of work turned out by the works, is first thoroughly tested by him.

We consider it the duty of our citizens to sustain the Empire Machine Works by their patronage. Why should we send our money to Eastern cities for articles that can be manufactured at home? Besides that, we will find it very profitable to buy of the Empire Machine Works, for they compete successfully with other factories in cheapness and quality of their work. The Empire Machine Works are located on the Ill. Central R. R., half a mile north of the depot.

Phœnix Hotel, A. M. Guild, Proprietor.

Nothing speaks more for the credit of a city than a good hotel. What has been so long needed in this city, is now accomplished. Through the munificence of Mr. C. Weed, President of the Phonix Bank, the public have presented to them for their benefit and comfort one of the best built and convenient hotels in the West. The proprietor Mr. Guild, has had many years experience as caterer to the wants of the traveling public, and his excellent judgment and good taste has been most faithfully tested in the furnishing and fitting of the "Phonix," which to-day has no rival of its size in the State. The elegant parlors, suites of rooms, Office, Gentlemen's Reading Rooms, Dining Hall, and in fact the whole arrangement is gotten up in a manner that reflects great credit on the builder and proprietor. The commercial traveler, or the tourist will find all the convenience and comfort that could be desired. The location being near to the Street R. R., the Court House, banks and places of amusement, central to business of all kinds in the city, we advise all seekers for comfort and superb entertainment to accept the advantages of this splendid hotel.

J. K. Moore & Co., Marble Works, Monuments, Mantles, &c.

The shop of these gentlemen is located at 311 West Washington, second square west of the Court House. They keep a good supply of American and Italian marble, and employ about ten first class workmen, marble cutters and polishers, to execute the numerous orders pouring into their shop. Messrs. Moore are both excellent artists and designers, and deserve the credit of turning out some very neat work in the line of monuments, grave stones, marble and slate mantles, shelving, &c. A specialty is made of limestone work for buildings.

Besides these productions of their own art, Messrs. Moore deal to a considerable extent in Iron mantles, parlor grates and brackets. Their stock in this line is large and selected with a great deal of taste. Customers will be supplied at short notice, and a visit to the establishment will result in giving great satisfac-

tion, for their work is strictly first-class and their prices reasonable.

W. H. Flock, Livery, Feed and Sale Stable.

This stable is located on Madison Street, between Front and Washington, one door north of the St. Nichelas Hotel. Mr. Flock, the present owner, took pos-

session of this business sometime last fall, and is ronducting it in such a manner, that the stable deserves the credit of being equal to the very best liveries in the State. Mr. Flock keeps many fine horses, buggies and carriages, so that his patrons can at any time be accommodated in the most desirable manner. His prices are uniform and as low as those of any other first class stable. By his fair and gentlemanly dealings, the present proprietor of the stable has already made many friends. The stable is conveniently located near the hotels and in the very heart of the business part of the city. Any person calling at Mr. Flock's for a fine rigg, and manageable horses will be suited promptly. As a feed and sale stable Mr. Flock's business deserves great praise. Give 'him a call, and convince yourselves of the truth of these statements.

Haldeman Marble Works.

Mr. J. S. Haldeman, the superintendent of these works, has an experience in his profession of about 17 years. The marble works were established in 1851, by the Haldeman Brothers, consequently this is the oldest business house of the kind in the city, and probably in the State. Mr. Haldeman has gained an enviable reputation as a sculptor, designer and monument builder. One of the masterpieces of our distinguished citizen, is his McLean County Soldiers' Monument, an ornament to the city of Bloomington. We shall not attempt to give a description of the same here, for it is already known by every resident of McLean County, besides that, Mr. J. S. Haldeman has since erected other monuments equally artistically finished. Our cemetery has hundreds of tombstones and monuments, designed by our renowned artist. Some of the late achievements of the genius of Mr. H., we mention the monuments to the late J. W. Lowry and Rob. Stubblefield, at Funk's Grove, also the one erected in memory of the late Caleb Davidson at Eureka, They are chef-d'œuvres, in originality and finish.

It would be a wrong supposition, that Mr. Haldeman only deals in such pieces of art as the above named. His works give employment to many sculptors and turn out marble and slate mantles, and tombstones of any desired design at low prices.

The Haldeman Marble Works compete successfully, with Philadelphia and other eastern cities, and receive orders from all parts of Central Illinois. They furnish good work at the very bottom prices.

The ornamental work of public and private buildings forms a considerable branch of the business of the Haldeman Marble Works. We have been shown rich carvings on the Fontana Marble, which is found in the south-eastern part of Kansas. This new specimen of marble is said to be the most durable stone yet produced, and hardens by exposure to the open air. The Haldeman Marble Works have first introduced it in our city. We close our remarks by recommending Mr. H. as a generous and gentlemanly dealer. The Marble Works are 223 E. Front Street.

Hitch & Bros., Fancy and Staple Groceries, Restaurant.

These gentlemen deserve a good share of patronage, They keep a first class grocery store and a restaurant at 203 S. Centre Street. The store looks cheerful and inviting, the goods on the shelves are first quality, have been bought lately, and are kept in excellent condition. In prices the Hitch Bros. compete with the cheapest houses in the city. No wonder that under these circumstances they do a good and profitable business. They pay prompt attention to their customers, and try to please them in every way. They already enjoy the reputation of being very gentlemanly dealers and add daily to the number of their friends and patrons. Hitch & Bro., have recently established a new restaurant and eating house, 104 W. Grove Street. All the delicacies of the season are kept in abundance, and this is certainly the best place in the city to satisfy your appetite for a substantial meal, or for the relishes that our country produces.

Our readers will do well to take our advice and go to Hitch & Bros.' establishment for their meals. It is kept in the best style, elegant and comfortable, and is located near the business part of the city. Remember their places of business 104 W. Grove and 203 S. Centre.

P. Greenewald, Contractor of Masonry, Stone Yard.

This gentleman, one of the old settlers of Bloomington, has done his share in making our beautiful city celebrated for its magnificent buildings. Mr. Greenewald has a thorough knowledge of his trade, which he has followed ever since his boyhood. Learning of the best masters of the old continent, Mr. G. had a fine opportunity to improve his taste and to gather his experience from the renowned structures of Germany, France and England. He worked at the dome of Cologne in his young days, then traveled through that part of Europe generally acknowledged to be fartherest advanced in taste and intelligence, and finally settled in the United States and selected our thriving city as his permanent abode. Our friend without doubt, has seen some hard times too. He worked himself up with the hammer and his brains from a journeyman to his present position. Mr. Greenewald has acquired some fortune, of course, and now stands on the merits of his work, to gather the fruits of his former hard toil. He is considered by the best architects of the state as a mechanic, who stands almost without an equal. His work stands the test of time perfectly, and will be in future years a monument to the builder. Of the achievements of his hammer, we only mention the Minerva Block, the C. & A. Railroad Bridge and the new Academy

These buildings have already acquired him many admirers and have secured his fame. Contracts now come in freely, and are executed to the satisfaction of his patrons.

Mr. Greenewald is also a dealer in all kinds of building stone. His yard is located on West Market, near the railroad bridge.

Mr. Greenewald is considered by all who know him, as a gentleman of honor and worth, and without making great pretensions is very pleasant in his dealings.

Lambert, Pillsbury & Co., Fire and Life Insurance.

This firm needs no better recommendation than the plain facts laid before the public. They represent the following companies:

The Phenix of Brooklyn, N. Y., one of the oldest and most reliable companies in the United States, with \$2,000,000 capital. The percentage of assets to liabilities, shows that for every dollar of liabilities the company has \$2,24 to pay their losses.

The North British and Mercantile, of London and Edinburg, assets \$13,000,-

The Andes of Cincinnati, capital \$1,584,000, was one of the first western companies to pay the Chicago losses, and is now as healthy and prompt as any other Insurance Company.

The National of Hartford, capital \$512,000, is a very safe company, and pays losses promptly and in full.

The Girard of Philadelphia, capital \$573,000, has not suffered extensively at the Chicago fire, is well managed and perfectly reliable.

Representing all these fire companies, the firm of Lambert, Pillsbury & Co., can take risks to any amount and give their patrons perfect safety.

Mr. Pillsbury is the agent of the Republic Life Insurance Company of Chicago. The Bloomington Branch is under the following officers, whose names are a sufficient guarantee of its sound basis: O. T. Reeves, President; J. A. Willson, Vice President; C. W. Holder, Treas.

Insure in the Republic and you will insure in a sound company, upon a simple and economical plan, and you will lend aid to a home enterprise.

Thomas Coultas, Carpenter, Contractor and Builder.

As a carpenter and builder there is nobody who has possessed the public confidence to a higher degree than Mr. T. Coultas. For about twelve years a resident of Bloomington, and during that time actively engaged in his business, this gentleman has obtained the reputation of a trustworthy, number one carpenter. The many buildings, erected by Mr. Coultas, give proof of this. We only mention the Soldiers Orphan's Home at Normal, and the People's Bank Block. Hundreds of houses have been constructed by Mr. Coultas, some small and cheap and others elegant and luxurious, all of which have given satisfaction.

Mr. Coultas lately lost by death, his former partner in the business, Mr. Pennington, with whom he had been in business many years, and who was also high-

ly respected by the whole community.

The business is continued at the same old stand on East Street, at the east end of Market, and contracts are coming in about as fast, as they can be filled. Mr. Coultas makes his prices the very lowest possible, and does turn out the best of work. Good journeymen carpenters will find constant employment with him.

If you want to put up a building of any kind, call at Mr. Coultas' shop, examine his work, and you will find it to your advantage to give him the contract.

Amos Kemp, Bookbinder and Blank Book Manufacturer.

The establishment of Mr. Kemp, the popular bookbinder, will be found 216 N. Centre Street, up stairs, occupying the whole third floor of the building. Like most of our manufacturers, Mr. Kemp commenced his business with a small capital, but gradually gaining the good will and confidence of the public, he furnished his establishment with all the machinery of modern invention. It is now one of the best book binderies in the State, outside of Chicago. In manufacturing blank books for our banks and mercantile houses, the business enjoys a great reputation and orders come in freely. A specimen of the bookbinding of Mr. Kemp is this edition of the Bloomington City Directory. Any job entrusted to this establishment will be executed with neatness and dispatch.

Our friend Mr. Kemp, stands high in the esteem of the citizens of Bloomington. His prices are uniform and as low as those of any of his competitors in the

State. Patronize him.

Bloomfield & Fifer, Attorneys at Law and Collecting Agents.

The office of this law firm is in the Minerva Block, 312 N. Main, up stairs. Mr. I. J. Bloomfield, the senior member of the firm, is notary public, pays close attention to his business, is an able practitioner of his profession and ranks among the most talented lawyers of our State.

Mr. Jos. W. Fifer, generally and favorably known to our citizens, has received a mark of the public esteem and confidence by his election to the office of city clerk. Mr. Fifer fills this office to the credit of our city, and we have no doubt that before long, still greater honors will be bestowed upon this worthy officer.

It is not necessary to speak at any length of this prominent firm; they are already known throughout the country, but we recommend to all parties, seeking advice in law matters, or having collections to be made, to go to Bloomfield & Fifer, office Minerva Block.

W. A. Gerken, Bakery and Confectionery.

This gentleman is one of our successful and energetic men, who, by generous dealings and prompt management, has created a first-class bakery at the corner of Front and East Streets. Mr. Gerken is brought up to his business and has a

thorough knowledge of all its departments. His bread wagon calls regularly at the residences of his customers, and we are happy to say, that his team has to make many stops. Mr. Gerken is well liked and is considered as a gentleman by his numerous acquaintances. His bread is well baked and of full size and weight. Every housekeeper should bear that in mind. His crackers, manufactured in large quantities, are always fresh and desirable; his confectionery and candies will speak for themselves.

Ornamental cakes, for weddings and parties artistically and promptly fur-

nished. Store at 118 E. Front Street.

Osborn's Bakery, Confectionery and Oyster Saloon.

At the south-west corner of Centre and Grove Streets you will find this establishment. It is kept in the best style. Every article you see there looks fresh and inviting. Fancy proceries, candies, confectionery in abundance, and sold at reasonable figures. Pleasure is taken in waiting on customers, who will receive good bargains and general satisfaction. Here you will see cheerful faces all day long.

The Restaurant is neatly and elegantly furnished and meals are served in the most tasty manner. Oysters are got up in any desirable form to suit the taste of

customers.

It is only since this winter that this establishment has been conducted by the

present managers. They succeeded Mr. Wilmeth.

We should like to see the house patronized well; it is kept right and, we know that anybody giving S. G. Osborn a trial, will be pleased and call again. Corner Centre and Grove.

B. Gray, Photograph Gallery.

Mr. Gray, the artist, is very popular in Bloomington and the surrounding country, through his excellent picture galleries. His Gem Gallery, over 116 W. Washington Street, turns out lovely pictures. The Excelsior Photograph Gallery, at the north-west corner of Centre and Washington Streets, at the sw corner of the Court House Square, is the emporium of fine arts, personally superintended by Mr. Gray. Every production of this gallery is a piece of art of its kind. True and elegantly finished photographs, life-like portraits, enlarged photographs and any modern production in the line of pictures are produced here. Although his work excels and is far above the ordinary productions of his competitors, Mr. Gray's prices are very reasonable. All work is done at his establishment, by the best artists. No work is sent to other cities to be completed.

Mr. Gray enjoys great popularity, through his superior workmanship—besides that he advertises judiciously. We wish him a continuation of his unpar-

alleled success.

H. S. Herr, Justice of the Peace, Insurance and Collecting Agent.

This gentleman, by his worth and reliability, has secured many warm friends in our community. Mr. Herr is one of the old settlers of Bloomington, and has always been one of its best and most industrious citizens. Everybody knows the gentleman, and speaks in favorable terms of his way of doing business. That's the reason why so many cases are brought before this justice. Mr. Herr is deserving of the confidence he enjoys in such abundance.

The State Insurance Company of Missouri, (fire) is represented here by Mr. Herr. Some of our most judicious business men are insured in this company. We believe it to be perfectly safe and recommend the same to our readers.

You will find Mr. Herr's office at the south-east corner of the Court House, in the basement.

GENERAL EDITORIAL REVIEW

EMBRACING

MANUFACTURERS AND PROMINENT BUSINESS HOUSES.

Krum & Robinson, Lumber, Coal, Lime, &c.

This well known firm has been in operation in this city during the last nine years, and have by their enterprise and integrity secured to themselves a prominent position among the business men of the city. Mr. Krum is particularly distinguished for business sagacity and promptness, and it is noticed that this firm invariably make large additions to their stock of lumber, coal, salt, &c., at most favorable opportunities, and, are thus enabled to supply their patrons at such low figures as to be terribly annoying to some of their competitors. These fortunate transactions are attributed by some to the caprices of Dame Fortune, and are called by them "lucky hits!" but business experience teaches that men who are possessed of those business qualifications, promptness, sagacity and perseverance, are independent of the fickle Dame, and though contingencies may occur to thwart some of their schemes, yet constant and persistent effort, directed by experience and sagacity is sure to result in success. As before stated, Mr. Krum possesses these qualities in an eminent degree and the firm are reaping the results in constant success. Mr. C, Robinson, the junior member of the firm, is a gentleman of sterling worth and integrity, whose word is relied on by all his acquaintances as are the words of Holy Writ. Messrs. Krum & Robinson are extending their field of usefulness and have recently established a branch business in Arrowsmith township, on the line of the L. B. & M. R. R., and report that their enterprise has already been well rewarded and that their business there is steadily increasing. Read their advertisement on page 1 and secure your own interests in giving them a call.

R. Louden, Eagle Foundry.

Mr. Louden has had 25 years experience as a practical machinist, eight years of which time he has been located in Bloomington. A part of the time he served as foreman of the Machinery Department at the Chicago and Alton Shops, which position he relinquished for the Superintendency of the Bloomington Foundry, which he filled for five years. In May 1871 he commenced business for himself at his present quarters, 612 North Main Street, where he has machinery and facilities for doing all kinds of machine work, whether light or heavy. He has a number of experienced workmen in his employ and is ready to undertake any kind of work however complicated with confidence of giving full satisfaction.

The Slade -

Mr. Louden makes a specialty of steam fitting and engine work of all kinds. Iron material of all kinds for building furnished and fitted, also brass goods of all kinds constantly on hand. Mr. L., desires it to be specially understood that he does as good work as can be done in the State, and that he will not be underbid in prices. Orders from a distance promptly and carefully attended to.

Miner & Son, Wholesale & Retail Books & Stationery.

If we were conducting a stranger through our beautiful city to show its attractive features with the view of making a favorable impression, what pleasure we should feel in taking him through the magnificent book and stationery establishment of Miner & Son, 215 North Main Street. No matter where he hailed from or what may have been his accustomed surroundings, he could not fail to be favorably impressed with the neat and tasty arrangement of the rich and beautiful stock of goods there displayed. Larger stocks may be found in large commercial cities, but none richer, better selected or better adapted to the demands of the place, Here may be found books, stationery and periodicals of all kinds. A large and complete assortment of paper hangings and window shades, beautiful Chromos framed and unframed-perfect gems of art; picture frames and mouldings, brackets, traveling baskets, gold pens, pocket cutlery, pocket books, portfolios, tourist cases, albums, stereoscopes and views, building paper, both roofing and sheathing, sabbath school music, sabbath school cards, illuminations, &c., &c. We cannot enumerate a tithe of the articles to be found here, but let it suffice to say that everything pertaining to an establishment of this kind may be found here. All standard books constantly on hand and any work may be procured here at short notice. A visit to this store and acquaintance with the Messrs. Miner, both senior and junior, cannot fail to result in satisfaction. Remember the place, 215 North Main Street, two doors south of the Post Office.

Burch House, B. F. Keck, Proprietor.

To a stranger visiting a city there is generally no feature of greater interest or which elicits comment more readily than the hotel and its accommodations, and we may say of the Burch House that as it is kept by its present host, Mr. B. F. Keck, that it reflects credit upon our city. Mr. K., is a genial, hospitable host, whose attention to his guests in promoting their comfort brings forth frequent and well deserved praise.

The house is conveniently located near the business part of the city. Strangers seeking home comforts will there find them at reasonable rates. Remember

the Burch House south-west corner of Front and Madison Streets.

Andrus Brothers, Proprietors Organ Factory, and Dealers in Musical Instruments.

The constantly increasing business of this popular firm is regarded with pride by our citizens and is frequently cited for the encouragement of other manufac-

turing enterprises.

From a small beginning in 1865, they have by their enterprise developed to an extensive and important manufacturing interest. Their Factory which is located on the north-east corner of North and East Streets, turns out annually about 400 of their celebrated Patent Silver Reed Organs, which are unsurpassed for tone and finish.

Their sales rooms in the Post Office Building, entrances on Jefferson and Main Streets, are well filled with musical instruments of all kinds, among which are the Steinway, Weber, Chickering and other celebrated Pianos. The latest and

choicest selections of sheet music may always be found here.

The Andrus Bros., make a specialty of moving, repairing and tuning pianos and other musical instruments. They are also agents for the world renowned

Howe Sewing Machines, of which they sell large numbers. A visit to these rooms and an acquaintance with these genial brothers cannot fail to give satisfaction, even to those who do not contemplate purchasing.

People's Drug Store, Dr. R. D. Bradley, Proprietor.

To strangers in our city we would say, that if you want anything which is usually to be found at a first class drug and prescription store, the People's Drug Store is the place you want to find. To those who have been located here any length of time, this information is not needed for there is no place of business in the city more popular than this.

Until recently this popular establishment has been conducted by Messrs. Hill & Vannatta, but Dr. R. D. Bradley is now the sole proprietor, and it would be difficult to find a person better suited to the business, or better calculated to keep up the well earned reputation of the store. Dr. Bradley is a graduate of the Jefferson Medical College of Philadelphia, and has long been a successful prac-

ticioner in this city.

Nothing could be a better guarantee that prescriptions will be well and carefully put up than the fact that they are in the Doctor's hands. He proposes to keep a full stock of drugs, medicines, paints, oils, varnishes, brushes, glass, putty, dye stuffs, perfumery, toilet articles, fancy goods, pure wines and liquors, &c., &c., and to sell at the lowest prices. The People's Drug Store is located on the north-east corner of Grove and Main Streets. Don't forget.

P. W. Bentley, Gunsmith.

At 211 North Main Street east side of the Court House, has been engaged in his business in this city about eight years, and by his social and whole souled disposition has secured to himself a host of friends. No man is more familiar or more popular among lovers of field sports in this part of the State, than Pres. Bentley, and as he keeps constantly on hand a full assortment of the best German, English and American guns, and also the best brands of ammunition, they rely upon him for their supplies in this line, and are never disappointed. As a mechanic he stands at the head of his profession in this city, and work entrusted to his care is promptly executed in the best possible manner. He has recently secured an assistant in Mr. J. W. Rucker, who is also an experienced and skillful workman, and repairs of all kinds are executed with neatness and dispatch. Call and examine his stock of rifles, shot guns, pistols and sportsmen's goods of all kinds, before purchasing elsewhere.

Dr. A. S. Burrows, Magnetic and Hydropathic Physician.

The Psycologic and Mesmeric systems of treating disease have been practised to a considerable extent in this country for about twenty years, but Dr. S. Burrows claims to be the discoverer of the now popular system of treating diseases simply by magnetizing the part affected without communicating its effects to the rest of the system, or influencing the mind. The doctor is possessed of a peculiar physical organization, which gives him extraordinary magnetic power; and when the mysterious science of psychology was in its infancy in this country, Dr. Burrows was one of the most popular lecturers and exhibitors of its wonders. In the course of his experiments he discovered the wonderful effects of animal magnetism on disorganized and diseased systems, and at once set about utilizing it for the benefit of afflicted humanity. The wonderful cures which have been effected by his system attest its success.

Dr. B. has also adopted hydropathy in his practice with great success, and now claims that there is no form of curable disease, whether acute or chronic, but will yield to his treatment. The diseases which yield most readily to this agency are Rheumatism, Gout, Nervous Debility, Neuralgia, Loss of Appetite, Loss of Voice, Diseases of the Kidneys and Bladder, Severe Coughs, Catarrh,

Headache, General Debility, Constipation, Dyspepsia, Chronic Diarrhoea, Liver

Complaint, Paralysis, &c., &c.

Among the references given by Dr. B., we note the following: Major Briscoe and wife, Mrs. Stump. Mr. A. Ackley, (foreman Round House C. & A. R. R.,) M. Gilmore, (engineer C. & A. R. R.,) Mr. Z. Lawrence, Mrs, A. Burr, Mrs. Hannah, and Dr. Major, all of Bloomington; Mr. and Mrs. Morehouse, of Le

Roy; Saml. Lane, R. C. Brown, and B. W. Stone, of White Oak.

For the accommodation of patients from a distance, Dr. B. has recently purchased Major's College building, on Seminary Avenue, where he will soon have an institute furnished with all the appliances and conveniences for his practice, and where the comfort and speedy recovery of his patients will be the doctor's constant care. Dr. Burrows has convenient rooms over the Post Office, where he may be consulted. Application by mail for circulars, or for professional advise, will receive prompt attention.

C. M. Camp, Proprietor of the Quaker Grocery Store.

We have never inquired why Mr. Camp denominated his the "Quaker Store," but judge from his system of doing business, that he is one of the religious society of "Friends;" or that he has at least, adopted in his business the rigid practice which they profess. Certain it is, that after eight years of business experience in our city, he retains the public confidence and esteem, and his business still increases. He has recently changed his place of business from Jefferson street, to the new and commodious room on Centre street, one door north of the Phoenix Hotel, where he continues to deal in all kinds of groceries and provisions, wooden and willow ware, fresh fruits, &c. Mr. Camp makes a specialty of the fruit trade, and constantly keeps on hand a large supply of all kinds, which he offers at wholesale and retail. Retail dealers will do well to make a note of this, and remember that they can always replenish their stock of fruit at the Quaker Store, at the lowest rates.

Gammon & Helm, House, Sign and Decorative Painters.

This firm is located in the basement of 217 North Main street, where they are prepared to receive orders for all kinds of house, sign and decorative painting, paper hanging, calsomining, glazing, graining, marbling, gilding on glass, &c.

Though this is a new firm in our city, they are already becoming well known through the merits of their work, and orders are crowding in upon them rapidly. Mr. Gammon, the senior member of the firm, came here in May, 1871, from the State of Maine, where he learned his business. Though he is a master workman in all branches of his business, he makes a specialty of decorative paper hanging, in which he excels.

Mr. Helm came here from Chicago, where he learned this business, and where he has had extensive experience as a grainer, in which department he offers his

services with confidence of giving satisfaction.

For specimens of work which this firm have turned out, we would call attention to the window signs of A. S. Eddy, jeweler, 113 Main St., and A. E. Elbe, jeweler, Minerva Block. Also to the large signs of the North Western Life Insurance Company, and the European Steam Ship Line, over the Post Office building. Those desiring work in this line will do well to remember this firm and call on them.

H. R. Colman, Boots, Shoes and Gaiters.

Among those trained to manual dexterity in art, there is none more useful than the shoemaker, or none who receives a greater share of public praise or censure than he. A person may endure the botchery of the carpenter, the mason, the jeweler, the tinker, and even of the tailor, with some degree of equinimity, but an ill fitting, unshapely boot or shoe, is too prominent a deformity

to submit to with patience. Therefore if you would escape this vexation and have your pedal extremities not only comfortable but attractive take them. or let them take you, to H. R. Colman's shop, 309 Centre street, opposite the Ashley House, where they will be fitted in the best and most fashionable style. Mr. Colman keeps the best of stock, and employs six experienced workmen, one of whom works entirely at repairing, which he does in the neatest manner, using the patent cement. All work warranted. Mr. C. makes a specialty of gentlemen's boots and gaiters. Try him.

Dr. B. Davis, Magnetic Healer.

We desire to call the attention of our readers to the card of this gentleman, particularly those afflicted, or the friends of those afflicted with acute or chronic diseases. Though Dr. Davis has been located but a short time in our city he has become immensely popular and well known through the medium of the wonderful cures he has effected by his magnetic treatment. He has practiced this mode of treatment for many years, and his fame had reached this city long be fore he established himself among us. His theory is that by the magnetic power he possesses he is enabled to establish an equilibrium of the vital powers of the system and produce a perfect and equalized circulation, thus enabling nature to throw off the deletorious matter which generates, and fosters disease without the aid of medicines. He says few operations are required for most cases of curable diseases; in many instances but one, while in some cases six and even a dozen operations have been required. Thousands have been cured of diseases pronounced incurable by the Diploma Doctors of the day. Whole pages could be filled with the names of persons, who have been cured by this healing process. Among others, to whom the Doctor refers for the truth of his statements, we select those of our own citizens: Major Briscoe and wife, Mrs Stump, Mr. Ackley, Mr. Z. Lawrence, Mrs. A. Burr, and Mrs. Hannah. We therefore say to those who are afflicted with disease, which has refused to yield to medicines, do not despair, but call on Dr. B. Davis, at his rooms over J. R. Smith's store, 108 W. Front Street.

Terms: A full course, consisting of six treatments, \$10; three for \$5; and \$1 a treatment for all after a full course.

Bruner & Harley, Wholesale and Retail Dealers in China, Crockery, Queensware, Glassware, Plated Goods, Cutlery, &c.

Mr. Geo. Bruner the senior member of this firm, is well known as one of the most successful of our business men, and no one possesses a greater share of public confidence and esteem than he. For about ten years Mr. Bruner was successfully engaged in the lumber trade in this city and gained for himself an enviable reputation for business probity, as well as a handsome fortune. He finally sold his interest in the lumber trade, and sought a new field of usefulness, which he found in establishing himself as a wholesale and retail dealer in Crockery, Queensware, &c., at his present elegant and spacious quarters at 314 North Main Street, Minerva Block. With his usual enterprise, backed with a large capital he imported an immense stock of well selected goods, at figures which enables him to compete successfully with Chicago and St. Louis, for the trade not only of this city, but for hundreds of miles distant on the various railroads centering here. His enterprise and zeal have thus far been rewarded beyond his anticipation. In his business pursuits for the past three years Mr. Bruner has been ably assisted by Mr. C. E. Harley, who has been his confidential agent and assistant, and Mr. B., has recently given the best possible evidence of his appreciation of Mr. Harley's services, by receiving him as a partner in business. Mr. Harley's genial disposition has gained him many friends, who congratulate him on his preferment and we wish the new firm all the success they deserve, and

good wishes could extend no farther. Before closing this article we wish to urge our readers for their own profit, if they wish to purchase anything in the line of crockery, queensware, glassware, plated goods, table cutlery, &c., to call at 314 North Main Street, before closing a bargain elsewhere, or if you do not desire to purchase, call there and gratify your taste for the beautiful in examining the magnificent display.

Stevenson & Strayer, Stove and Tin Shop.

This is a young but enterprising firm, who have recently established themselves in business at No. 220 E. Front Street, where they are prepared to do all kinds of sheet iron work, copper and tinsmithing. They are both practical workmen and understand their business thoroughly. They do not claim or ask for patronage by virtue of a business reputation of long standing, but they offer skill directed by industry and honest zeal, realizing that they have a reputation to make and that they can only succeed by honest merit. The success of other business men, who started in business in this city years ago, with the same or even less capital than they have, and the success which has already attended them, encourage them to believe that they do not appeal to a Bloomington public in vain. We are sure that those wanting anything in the line of stoves, tin or sheet iron ware, will not regret giving them a call.

J. Dabertz, Butcher.

Our old friend "Jake" is so well known by the citizens of Bloomington generally, that a notice for the purpose of introduction would be useless, but his business has hitherto been so migratory that the biennial issue of the Directory has not served to keep the people apprised of all his movements. To those who have lost sight of him and who are hankering for a good steak or a good roast, or something to replenish the flesh pot, we would say that he is now to be found at the south-west corner of Front and Centre Streets, where he continues to keep the best fresh and cured meats that the Bloomington market affords. "Jake" is evidently moving around to get away from business so as to enjoy a little rest, but he will soon learn that there is no such refreshment for the butcher. Follow him up with your baskets. Remember he delivers goods free of charge.

Professor Swick, Photograph and Art Gallery.

Considering the short time that this gentleman has been a resident of our city—only since May 1871—and the popularity which he has already secured, it may be inferred that the citizens of Bloomington are not slow in recognizing and encouraging merit. The competition which the Professor encountered in his business here when he came, would have deterred any one possessed of less enterprise than he has, from making the effort to establish themselves here, but the result has shown that he did not overestimate his own ability in securing a fair share of the public patronage. His social qualities and gentlemanly deportment at once gained him many friends and his proficiency in his art has secured their patronage.

Professor Swick has had fifteen years experience as a portrait painter and photographer, and is also thoroughly proficient in music. He sometimes teaches both vocal and instrumental music, but his photographic art to which he gives a preference demands most of his time. He takes pictures of all kinds and sizes, does copying, enlarging, &c. He makes a specialty of Berlin Photographs and India Ink work, and as he does all the work himself, is enabled to give his patrons the benefit of the expense to which some of his competitors are subjected in sending their work to Chicago to be finished. His prices are so low that the poorest persons may gratify their friends with a life-like picture of themselves.

O. B. Stiles, Manufacturer of and Dealer in Cigars and Tobacco.

To lovers of "the weed" we recommend this gentleman as one well worthy of your confidence, and who possesses the means and inclination to gratify your perverted taste in the most liberal manner. We say perverted for we are an "anti-tobacconist" in theory but not in practice. We realize its injurious effects upon our pockets, and made our annual resolve on the 1st of January, 1872, as we have done for many years previous, that we would no longer use the unclean thing, but happening to stop at friend Stiles' store before the close of the day, we found our good resolves vanishing in smoke. We cannot conscientiously recommend the use of tobacco, but to those who will indulge in the luxury, we say go where you can get the purest and best. Mr. Stiles buys the choicest tobacco and manufactures cigars which are unexcelled for flavor and excellence. Many of his brands of cigars have become famous among smokers and he is constantly extending his facilities for manufacturing to keep pace with the increasing demand. He also keeps the choicest brands of smoking and chewing tobacco, plug and fine cut, also pipes and smoker's articles of all kinds. Orders from a distance promptly filled at lowest rates. Remember the location, 310 North Main Street, one door south of Minerva Block.

Fitzwilliam & Sons, Dry Goods, Lace Goods, Carpets.

This Store has become so popular to the Ladies and Gentlemen of Bloomington and the surrounding country, that it is hardly necessary for us to say, that it is located at the east side of the Court House Square, and is generally called the Double Store. From morning till night this elegant establishment is thronged with customers, every one of whom will carry home his bundle well pleased and in good spirits, for Messrs. Fitzwilliam & Sons extend bargains to everybody, and with their extremely large and complete stock, can accommodate the wants of any reasonable purchaser. Why is it that the public gives to these gentlemen the preference to so many other merchants in the dry goods line, who are longiug for hours for a customer? There is more than one reason for it. First, Messrs. F., buy for cash and in enormous quantities, from manufacturers and importers at very low rates, and are thus enabled to offer inducements in regard to prices. Goods are sold at astonishing low figures; that's what ladies want. They like to show at home what good bargains they have secured. Another reason of the great success of Messrs. F., is, the manner in which visitors to the store are waited on. Thirteen clerks and three ladies are employed by this firm, and are constantly busy to show and sell goods, and to wait on their customers in the most polite manner. At this store it is no trouble to show goods. The counters give the best proof of that, for the clerks find no time to straighten up goods during the day.

But the main reason of their enormous business transactions, is their magnanimity and their unsurpassed liberality. They support everything that is great and good, whether it is the suffering community, a burnt out city, the benevolent institutions at home, or any enterprise pro bono publico. Let other merchants take a lesson of this and be aware of the fact, that nobody likes to deal with a close fisted, stingy man. To the above firm we wish a continuance of their unparalleled popularity and success in business. Give them a call.

C. Edelmann, New Restaurant, Oysters, &c.

The translation of this word is gentleman. Nobody is more deserving of his name than Mr. E. Although our friend is a strict business man and pays close attention to his affairs, luck has been bitterly opposed to him. Reverses and again reverses. At the beginning of the late war Mr. E. was a prominent merchant in Texas and had earned besides a great reputation a considerable for-

tune. The cruel war robbed him of the latter, but his good name and his business capacities followed him up to our beautiful city. A second reverse was the loss of his late establishment on Front Street by fire. Nothing saved but the insurance. Now Mr. E. has renovated the room 106 E. Front, and has adopted all the improvements of a first-class restaurant. The whole building is occupied by him, basement, first and second floors. Mr. E. will serve everything in his line in the best style, and please his guests, as a genial host. Go to see him at his new stand 106 E. Front.

Dr. Allen, Physician and Surgeon.

We learn from good authority that this gentleman from Madame Stephens' Hospital of the city of Dublin, is a graduate of Trinity College and late practitioner in Cork Street Hospital of the same city, and has now permanently located at Bloomington, and is effecting wonderful cures. The doctor professes to cure cancer without the knife, to restore sight without instruments. Doctor A. treats many patients with good success, whose sickness had been called by other physicians consumption, and pronounced to be incurable. Give the Doctor an early call at his office over 112 and 114 N. Centre, where he may be found from 8 a. m. to 8 p. m., and Sundays from 9 o'clock in the morning till 4 in the evening.

J. Ansley, Life and Fire Insurance.

Among our most enterprising citizens we represent in our advertising columns Mr. John Ansley, who is well known as insurance agent, and who has represented the old Connecticut Mutual Life Insurance Company of Hartford, Conn., since 1863, for this and several adjacent counties. Mr. Ansley's books show that this is a very popular company here and receives the patronage of many of our most prominent business citizens. He also acts as fire insurance agent and broker, and is prepared to insure property in some of the best companies in this country and in England, on as favorable terms as can be obtained elsewhere. Mr. Ansley's office is in his new building in Washington Block on west side of North Main Street. This Block has just been erected, and is one of the most beautiful in the city. Mr. Ansley deserves much credit from our citizens for his enterprise in contributing to this valuable improvement.

Diedrich & Co., Foundry and Machine Shop.

The establishment of this firm is known as the Union Foundry and Machine The buildings are located 407 S. Centre Street on the I. B. & W. R. R. Although this firm is only in existence a short time, they are very favorably Mr. N. Diedrich is the manaknown throughout the city and Central Illinois. ger of the Works, and has an experience as a molder and machinist for sixteen years. They possess as great a variety of modern patterns of beautiful designs, in bridge, fence, house, railing, column castings, as any other foundry in this section, and they are steadily increasing the number of their models, to be enabled to cast any desired article at the shortest notice.

This foundry gives employment to many molders, machinists and other skilled and unskilled laborers, thus contributing to the growth and prosperity of the The reward of their industry should be the sympathy and the patronage of all the citizens of Bloomington. Mr. A. B. Ives, the other member of the firm, is an old citizen of Bloomington and is also known as the proprietor of the Union Flouring Mills. Remember the locality, 407 S. Centre and the name, the Union Foundry and Machine Shop.

Gillett & Case, Diamonds, Jewelry, Watches, Silverware, &c.

Although this firm is located the next door south of the Post Office, where their magnificent show windows give them the best advertisement to thousands of persons going daily for their mail, they profit of the Directory as the best medium of bringing a solid number one house before the public. At their store room may be seen the finest display of gold and silver watches, rings, gold chains, bracelets, silver table sets, silver ware of every description, also heavy plated goods and other articles belonging to a a first class jewelry store. They keep a good assortment of clocks, and among them the unrivaled Seth Thomas Clock. We know these gentlemen to be reliable in every respect; they would rather lose sales than to make misrepresentations about the goods they offer. Messrs. Gillett & Case are both practical watchmakers and jewelers and employ the most skillful hands in the country for the repair of watches and jewelry entrusted to them. Their prices are uniform and they offer goods at such low figures, that we would strongly advise every purchaser to call at Gillett & Case's store in preference to any other.

Charles H. Gmehlin, Gunsmith.

Mr. Gmehlin is a practical gunsmith in our city for sixteen years and his establishment is the oldest house of this description in Bloomington. He has learned his trade thoroughly, and is not only renowned as a gunsmith, but his skill embraces also locksmithing, stencil cutting, engraving on hard metal, the manufacture of baggage checks, door plates, &c. At his new store, 309 W. Washington, sign of the Big Gun, may be seen a fine display of shot guns, rifles, pistols, ammunition, cartridges, powder flasks, shot bags, bowie knives, and all kinds of sportsman's goods. Mr. Gmehlin sells these articles at the very bottom prices, besides this, his word is reliable in every respect, for the gentleman has a thorough knowledge of the goods in his line, and is an honest dealer.

The walls of this store are ornamented with the premiums that our friend Mr. Gmehlin won at different shooting matches, among which we only mention the Great National Schuetzenfest at New York in 1868, the prize shooting at Joliet, Chicago, West Chicago, and again at Cincinnati in 1870. Give Mr. Gmehlin a

call at 309 W. Washington.

M. Martin, Groceries, Provisions, Crockery, Stone and Willow Ware.

We call the attention of the public to the opening of the new store of our friend Mr. M. Martin, at the north-west corner of Chestnut and Mason streets, the room lately occupied by Mr. D. Luby. Mr. Martin has just purchased and opened a fresh and select assortment of all kinds of fancy and staple groceries, and other articles in that line which belong to a number one family grocery store. Teas of excellent quality, coffees, sugar, spices, flour, cured meat, oysters, dried fruit, vegetables, eggs, butter, all kinds of feed, crockery, stone and willow ware, coal oil, &c. Farmers will do well to call at this store, for Mr. Martin buys country produce and will pay a fair price for the same. For the recommendation of Mr. Martin it will suffice to say, that he learned his business with Mr. Frank Oberkoetter, a gentleman renowned for his fair dealing, who was so well pleased with the conduct of his young clerk, that he adopted him as a partner in his wholesale grocery business.

Parties, wanting cheap and fresh groceries, are advised to call at the corner of Mason and Chestnut. Goods are delivered free of charge to any part of the

city.

F. Oberkoetter & Co., Wholesale Groceries, Wines and Liquors.

Mr. Frank Oberkoetter established his grocery business some seventeen years ago, and has steadily made additions to his stock, until he has brought it up to its present magnitude. Nowhere in the city you will find a more complete assort-

ment of groceries, liquors, wines and cigars than you do at his store. This stock is bought under great advantages. Mr. O. has the means to pay cash for his goods, and his long business career makes him acquainted with the best sources from which to buy his stock. The gentleman has accumulated some fortune, but we venture to say that every cent in his possession was obtained by honest means. His customers place unlimited confidence in him, and we have never heard of anyone of his friends being disappointed by him.

Mr. J. Jacoby, who entered this firm since January, is well known as a whole-sale grocer to the business men of the city. He has many friends everywhere, and together with Mr. O. waits on his customers in such a manner as to make it a pleasure to deal in this store. We advise retail dealers to go to 116 S. Main Street, examine and price goods, and we are confident that they will not leave

the house without great satisfaction.

Moeschinger & Neuerburg, Restaurant.

Particular attention is called to the card of Messrs. Moeschinger & Neuerburg, who have lately formed a partnership with the purpose of establishing a restaurant for the accommodation of farmers, strangers and all those who have appetite for a well cooked meal, a cup of good coffee, or a dish of oysters. Meals are got up in the best shape, neat tasty and without much waiting. Foreign and domestic fruits, nuts, confectionery, cigars and refreshments of any kind to suit the taste of every visitor, are constantly kept on hand.

These gentlemen are well known and need no recommendation. They will give you a good meal, and charge you the lowest possible price for the same. (The delicacies of the season are to be found at this restaurant.) Recollect the local-

ity 112 E. Front, opposite the City Hotel.

J. Stoutz, Meat Market.

How much dissatisfaction do we meet every day on account of tough beef-steaks and roasts! This can be avoided by buying your meats at the popular market of Mr. Jacob Stoutz, 501 W. Market, where you will find every morning a fresh supply of beef, veal, mutton, pork, also cured meats, fine hams, &c. Mr. Stoutz is extensively engaged in the cattle trade, shipping great quantities to the eastern market and supplying many butchers of this city. By selecting the best of his stock for his own retail trade, he can keep a very superior article of meat on his counters. Farmers who have good cattle to sell, will obtain the best price and the ready cash for their stock, at J. Stoutz's shop, 501 W. Market Street.

0. Lipp & Fickweiler, Restaurant and Eating House.

To the many parties visiting the Western Depot or living in the neighborhood thereof, we give the advise to take their meals at the restaurant of the above firm, Number 1002 W. Chestnut Street. These gentlemen are successors to Mr. H. M. Homuth, and are not only keeping the house in the same good style, but are trying to improve in every way. They serve the best of meals promptly and keep confectionery, fine cigars and cider, but no intoxicating drinks. We wish to the young firm the best success in business.

As new beginners they do well, and their tables are crowded with boarders,

when the dinner bell rings.

Richter & Harris, Architects.

Among the many buildings constructed under the superintendence of Mr. R. Richter, we mention only the Illinois Wesleyan University, the Minerva Block, the new Phœnix Hotel, the Roman Catholic Church and the new Academy Block. The two latter structures mentioned are now in process of erection. We are

happy to learn that business is so increasing on the hands of Mr. R., that he was compelled to take an assistant in the person of Mr. Harris, the junior partner of the above firm. Mr. H. is an industrious and genial young gentleman, who has drawn the plan of many fine buildings during the last ten years of his business activity in our city. The firm employs now three draughtsmen and one artist to supply the enormous demand for plans of buildings to be constructed this spring and summer, among them the new McClun Block on N. Main. From the amount of work on hand at this office, we judge that Bloomington has a great future, and is now improving faster than at any former period.

Richter & Harris make a specialty of the Warming and Ventilating of Public

Schools and other buildings.

We are happy to see this young firm taking the lead of their profession in the city and in the adjoining counties. Give them your patronage. Office, 208 N. Center, up stairs, west of the Court House.

J. L. Wolcott, Undertaker.

One of the most honorable business men we represent is Mr. J. L. Wolcott, who has been the undertaker of our city for about twenty-two years. He knows the wants of the community in his line, and keeps a full stock of coffins of all sizes, qualities and prizes, metallic coffins, caskets, &c. A fine hearse and carriages are furnished to funerals, and Mr. W. generally attends to them in person. His shop and office are near the center of the city at the corner of Main and Grove Streets, in basement, where everybody can be accommodated readily and in a satisfactory manner.

Mr. Wolcott devotes a part of his time to the Apiary, the culture of bees, and is now in possession of several hundred hives. His dealings in bees, honey and

hives, have already taken great dimensions.

Wm. Weyand, Justice of the Peace and Collecting Agent.

The office of Mr. Weyand is located at 114 W. Washington, south of the Court House up stairs. In hunting up the gentleman you will seldom be disappointed by finding his room deserted Close attention is paid to the business, and any case brought before this justice, will have a prompt and just settlement. The greatest care is given to the collection of bills; what can be accomplished to-day, will not be put off till to-morrow. It is absolutely unnecessary to say anything in recommendation of the character of the justice. For many years a resident of our city and one of Bloomington's best citizens, Mr. W., has made thousands of friends. Business could not be entrusted to a more reliable party. We are glad to see that our friend has a full share of the patronage of the public; still there is always room for an additional job. If you have a case to be tried by a justice, call at 110 W. Washington, and if you don't like to collect your own bills, give them into the hands of Mr. Weyand.

Sprague & Clark, Stone Cement Paving.

This firm commenced to lay their first walks in our city last September, in order to give a few specimens of their work. The cold weather setting in early, they could not finish all the jobs on hand, but work will be resumed as soon as spring makes its appearance. The pavements that we have examined, excel anything in the line of elegant and durable walks in the country. We refer to the pavements in front of the new residence of Dr. Wakefield, on E. Washington, of Mr. L. W. Capen on East Grove, of Mr. R. E. Williams on N. Main, and of the walks inside of Mr. W. K. Dodson's yard. All these jobs mentioned have given great satisfaction. The contracts, received by the company through the recommendation of these samples, now amount to over \$7000, and we are convinced

that ere long most of the sidewalks of Bloomington will be made of the Stone Cement. The prices of the company are comparatively low. Apply to the firm of Sprague & Clark through the Post Office, (box 261,) or call at the residence of Mr. Sprague, 302 E. Front.

Dr. E. Stevens, Dental Surgeon.

The room of Dr. Stevens over the Post Office, the first door to the left, is fitted out with all the conveniences and luxuries of a modern dental office. Dr. Stevens is an old practitioner in our community, recommended highly by his skillful workmanship to all classes of the population of our city, Dr. Stevens makes the filling of decaying teeth a specialty, and uses in his profession the best of gold and the most improved instruments. His work stands the test of time perfectly, and we judge this to be the cause of the great business activity at the Doctor's office. Specimens of artificial teeth of the Dr.'s manufacture are not to be excelled by the productions of the best dental artists in the country.

In the person of Dr. E. T. Hutchinson, the office has gained a skillful and active operator. Dr. H. is a young gentleman of pleasing manners and his attainments in the profession are generally acknowledged. There is no long and painful waiting at this office. To those, who are troubled with their teeth, we strongly recommend the office of Dr. Stevens, over the Post Office, as the place of their

immediate relief.

J. W. Raynor, Billiard Hall.

We all hate to be waiting hours for a train, without good society and amusement. To remedy this want Mr. Raynor conducts a Billiard Hall, 908 West Chestnut, up stairs, in the immediate neighborhood of the C. & A. R. R. Depot. For all the lovers of this game, we should recommend this hall as one that is elegantly fitted out, and furnished with tables of the most renowned manufacturers, with all the improvements of cushions and cues. Three tables are at the disposal of players. Here you will see some good games; the balls are smooth and the tables perfectly true.

Mr. R. is gentlemanly and courteous to his patrons, and they never fail to find his rooms a pleasant place to gratify their taste for this popular game. Those having a few moments leisure time to dispose of when over at the west side, will

do well to remember Mr. R's rooms and give him a call.

Gustav Lange, Groceries, Provisions, Queensware.

Mr. Lange, an old resident of Bloomington, once sheriff of McLean County, has recently established a first class family grocery store at the north-east corner of Front and Centre Streets. Few persons are more generally and favorably known in our community than Mr. L., and his store has become the stopping place for many farmers of this county. They find ready sale for their products here, and will receive the highest market price for the same. Mr. L. is doing a large business on very liberal principles; his sales are large and his profits small. The goods that fill his shelves look new and inviting, his wooden and willow ware, china, glass and queensware are of the best quality and sell freely at the lowest possible prices. For bargains in groceries there is no place like Mr. Lange's. His coffee, tea, sugar and spices are excellent, his vegetables, his butter and eggs are always fresh. If you want anything in the line of fancy groceries you find the best supply at his store. Try him, if you want to economize in your household, and be assured that you will find that Mr. Lange is a gentleman in all his dealings.

Plumb & Buffham, House, Sign and Ornamental Painters.

To judge from the amount of work executed by these gentlemen, and by the number of hands in their employ, we should say that they give extraordinay inducements in their art. Good work will always find admirers, and is the source from which springs an abundance of new jobs. All the signs that we have seen from this establishment are proofs of their unsurpassed workmanship. As house and ornamental painters and paper hangers, they have hardly got their equals in the city. Messrs. Plumb & Buffham keep at their store a variety of paints, varnishes, oils, brushes, glass, putty and all kinds of painter's materials for sale, and offer them to the trade at reasonable prices. They are enabled to offer bargains, for they receive their goods from the importers and manufacturers, far below the ordinary rates. Being well acquainted with the goods belonging to their line of business, they never buy hard stock, that they cannot dispose of.

This house has had good success since it was established in Bloomington, about six years ago, and as the city is steadily improving, there is good cause to believe, that the firm of Plumb & Buffham will have a great future.

A. C. Martin, Merchant Tailor.

Mr. Martin evidently takes the lead in our city as a fashionable merchant tailor. Ever since this gentleman settled in our midst, his business has been on the increase. It is only a few years ago, that Mr. M. came here from the State of Ohio, and by this time, not enough journeymen can be procured to finish all the orders pouring into his shop. Mr. Martin is an excellent cutter without a superior, and is ably assisted by his son, Wm. E. Martin.

The great feature of their way of doing business is honest dealing, there is no misrepresentation of goods, and a customer has his free choice out of the well assorted and carefully selected goods of their store. They keep no shoddy. Mr. Martin is also a very accommodating gentleman, and has made many friends by his sincere and unselfish treatment of visitors of his establishment.

Any person in want of new clothes will do well to call on Mr. Martin, who will take pleasure in showing his stock and is disposed to get up suits at the lowest possible prices. His stock of broadcloths, cassimeres, doeskins and vestings is complete, and it is not hard to make a choice. The very best imported goods are offered here; the domestic manufactures are also represented, so that everybody can be suited in prices. Remember the place.

J. M. McKee, Life and Fire Insurance.

That all business men and any person who is at the head of a family should have their life insured, is now generally acknowledged by every intelligent person. It is a necessary precaution and a duty to wife and children. In choosing the most reliable company and the most trustworthy agent the best judgment should be used. An insurance policy is binding for many years or for life, and unless the company is very solid, they may receive your money annually and never pay the equivalent at the end of your days.

Mr. J. M. McKee, is the agent of the Atlas Life Insurance Co., one of the oldest and most reliable companies represented in our city. We can recommend the Atlas Life as perfectly safe, and Mr. J. M. McKee is sufficiently known throughout the city and country, and needs no recommendation.

Mr. McKee is also the agent for several of our best Fire Insurance Companies. Many of our experienced merchants, and property owners insure with him. All his companies have enormous capitals and general sound basis. Rates as low as in any other responsible company. Office at the north-east corner of Centre and Jefferson Streets, opposite the Ashley House, up stairs.

Ross & Aldrich.

Go to this house to buy your notions, toys, gold and silver watches, baby carriages, pocket cutlery, stationery, wall paper, violin strings and an endless variety of other goods in this line. It is difficult to enumerate all the articles kept for sale here. You must give them a call and see for yourselves. The establishment looks cheerful; nobody in the city keeps more and better selected toys than Ross & Aldrich. If you want to treat your children, take them to this store and they will be sure to make a choice. This firm is doing a lively business; they sell goods, unlike their competitors, at very reasonable prices. That's the way to draw customers. You will sometimes see this store crowded with customers, men, women and children from morning until night.

Ross & Aldrich make a specialty of the sale of wall paper and window shades. You will always find a good assortment of these goods; they are choice styles and the stock is replenished every season. Their news depot is filled with the best newspapers and periodicals of the country, and our intelligent population goes for them lively. Messrs. R. & A. are highly recommendable for their upright and fair dealing. Pay a visit to their store, and you will be well pleased with the goods you buy of them. The store is located 114 W. Front Street.

Wm. Poland, Boot Manufacturer.

This fashionable boot and shoe shop is located 106 W. Grove. It is generally acknowledged that Mr. Poland is thoroughly acquainted with the late styles of boots, and that he never fails to make a perfect fit. His work looks graceful, is elegantly finished, made of the best of material and by the most skillful workmen. Mr. Poland keeps a stock of leather and findings, unexcelled in the city. His prices are very reasonable and any person giving him a call, will not have his work done elsewhere.

Mr. Poland is highly respected as a gentleman, and his business manners secure him plenty of work, while some other shops are complaining. Still Mr. Poland will always take new orders with the greatest pleasure, and execute them promptly. Give him a call ye fashionable gentlemen, and don't forget the number of the shop, 106 W. Grove.

Universal Life Insurance Company.

To those who want to insure their life, we recommend the above company, as one of the safest and best in the country. Mr. J. M. Chapman is well and favorably known throughout the city and country, and is entrusted with the superintendence of agencies throughout the State of Illinois. The company made a lucky choice in the person of this gentleman, and in selecting our rich and beautiful Bloomington as the seat of the superintendency. Mr. J. W. McFadden acts as special agent for this district, and stands very high in the esteem of his large acquaintance. The list of those insured by this responsible company, embraces men of all classes of our population, mechanics, merchants, financiers, &c. The rates of insurance are very favorable for the parties insured, and the company adjusts losses within thirty days after proofs are furnished. Many large and small sums, promptly paid by the agency in our midst, have greatly added to its popularity at home. The company possesses the confidence of the public in the highest degree. Give them a call at their office 104 N. Main Street, in McLean County Bank Building.

G. W. Strope, Pianos, Organs Music and Musical Instruments.

This store, generally known as the Palace of Music, is as great a popularity at home and abroad, as any establishment in the city. It has a magnificent dis-

play of pianos, organs, violins and melodeons, some of which are of the most renowned manufacture. We mention the unrivalled Hallett & Davis pianos, the world renowned Smith's American organ, of which there is now 37,000 in use throughout the United States, the Wood organ, the favorite of all great performers, combining elegance of finish with great volume of tone. This instrument produces most delightful music. A full assortment of all the modern music books is kept, also a good stock of sheet music of the great old masters, together with all the novelties of musical productions. An infinite variety of songs, duetts, variations, opera music, &c., are constantly on hand, and kept in perfect order, so that a person will find in a few minutes any desired piece on the memorandum. It is very unpleasant to look over whole stacks of worthless sheets, without effecting a choice. That will be avoided here. Mr. Strope deserves great credit for the selection of musical merchandise, such as a fresh and genuine article of violin and guitar strings, musical boxes, and other small instruments.

Mr. Strope pushes the sale of his goods, sells at the most reduced prices, will not ask fifty dollars profit on an article, when it can be sold with five. That is the reason of the unparalelled success of his business.

One can scarcely pass the Ashley Block without seeing him roll out a piano, an organ or melodeon. Mr. Strope's principle is, to sell his goods, not to keep them and complies with the wishes of his customers.

Mr. R. W. Hart, the experienced teamster, attends to the delivery and the moving of pianos at the Palace of Music.

Save money, and buy your musical merchandise at Strope's Palace of Music, Jefferson Street, Ashley Block.

N. N. Winslow & Co., Soap and Candle Manufacturers.

The business of this firm, established in 1855, has now taken such dimensions, that it may be classed among the very first manufacturing houses of Bloomington. They employ many laborers and add considerably to the growth and welfare of our city. Our merchants should learn, that it is not the number of retail stores that will create prosperity. It is the wholesaler and manufacturer, who keeps the money in our midst and brings it in from abroad. Why not patronize home manufactures? We know that the products from our Central Illinois Soap and Candle Works are of as good quality, as those received from Chicago, St. Louis or New York. The materials of which these articles are prepared can be bought here under good advantages. N. N. Winslow & Co. have all the facilities of manufacturing soap, oil and candles. A seventeen years' experience is all that a person wants to make excellent soap. Our grocers should be aware of these facts, and patronize a home enterprise. They will find the above firm a good house to deal with, and save the money paid for freight at the receipt of goods from foreign markets. Housekeepers also, should call at their store for the soap and candles manufactured at home by N. N. Winslow & Co. Office 416 South Main.

E. M. Prince, Attorney at Law and Master in Chancery,

The office of Mr. Prince is located at the north-east corner of Main and Washington, up stairs. With the reputation of one of the best lawyers of our State, Mr P. receives a full share of the cases to be tried in our court. They amounted to upwards of fifty during the last December term. Last June, Judge Tipton on petition of nearly every practicing lawyer of this county, appointed Mr. P. to the responsible position of Master in Chancery of McLean County, and Mr. Prince, having given bonds in the sum of \$20,000, has entered upon the duties of his office. The choice of the Judge could not have fallen upon a more worthy

gentleman. Mr. Prince pays close attention to his law business, and any case entrusted to him, will not be neglected in his hands. The necessary requirements for a first class lawyer are his moral worth, his honesty and reliability. These qualifications you will find in Mr. Prince. Many just cases are daily lost by the ignorance or neglect of some individuals that profess to be lawyers. If, therefore, you have any law business on hand, that requires talent and responsibility, call at 201 N. Main, up stairs, where you will find an able advocate.

Parker Brothers, Lumber Yard.

In the first rank of the lumber merchants of our city, we place the above firm, consisting of George L., James W. and Thomas Parker. Their office is located 802 E. Grove Street at the corner of Clinton, and their yard extends from Grove to Front Streets. A full stock of seasoned lumber, hard and soft, such as oak, pine, walnut and ash is always to be found there. Building materials, lumber, lath, doors, sash, blinds, posts, pickets, lime, hair, cement, to supply builders and contractors at all seasons. Parker Bros, have a good deal of business experience, and know how to buy at most favorable opportunities. Their yard is conveniently located, both for receiving and shipping lumber, and the members of the firm taking an active part in the work, they save many expenses. They actually sell lumber at the very bottom price, and we attribute their success to their way of buying their stock and to their manner of conducting their affairs. Carpenters, contractors and builders will find it to their advantage to deal with these gentlemen.

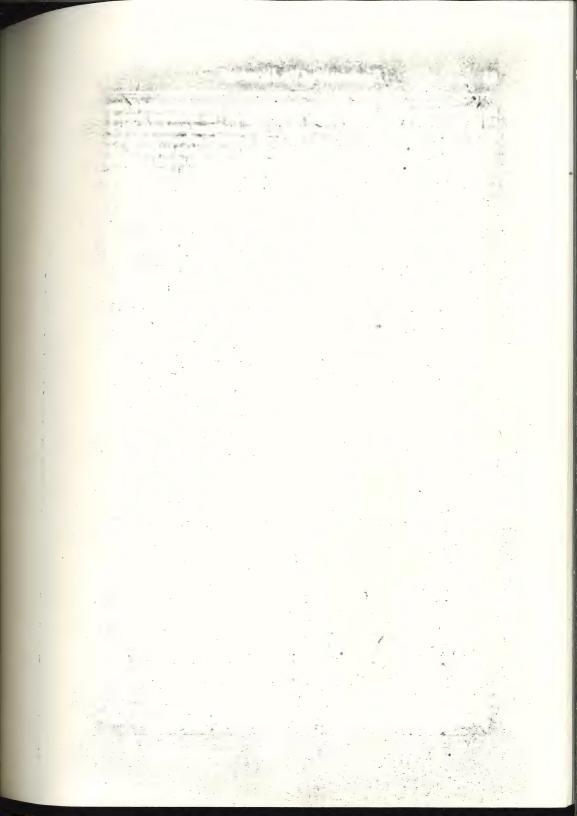

The amount of business done at this office is increasing every year and with the prospect that Bloomington will continue in its present development, will take still greater dimensions. The stock of Messrs. Parker will be equal to the demand, and they will wait on their patrons in person, thus avoiding all difficulties and misunderstandings. You will find the Parker Bros. always ready to sell you desirable lumber and building materials at a reasonable price, and anybody that knows them, will confirm the statement, that it is a pleasure to deal with them. If you want to save money, buy your lumber of Parker Bros., 802 E. Grove.

Mrs. G. W. Jenkins, Millinery Goods, Dress and Cloak Making.

Mrs. G. W. Jenkins, who is acknowledged to be one of the most fashionable milliners of Bloomington, has conducted her business for about three years, at 105 W. Jefferson Street, north of the Court House. This lady occupies the entire two floors over Wilcox Brothers' Dry Goods Store, as a depot and salesroom for her elegant stock of millinery goods, and a dress and cloak making establishment. Her assortment of millinery and straw goods, sash and bonnet ribbons, feathers and artificial flowers is unsurpassed in western cities. Mrs. J. makes

a specialty of the sale of patterns for garments.

Her long experience as a milliner and dress maker makes her familiar with the latest fashions, and whatever articles leave the rooms of this lady, are considered tasty and stylish. Mrs. J. enjoys also the reputation of selling her goods at very reasonable prices, which cannot be said of all millinery shops. Therefore, her rooms are crowded with customers, and she has a good share of the sales. Retail dealers will find it to their advantage to replenish their stock at Mrs. Jenkins', thus avoiding the difficulty of ordering millinery goods. We wish the styles of Mrs. J. to be generally adopted by our ladies, and we are sure that the result would be to their advantage.

e Normal University,

ormal, McLean County, Ill.

TABLISHED IN 1847, by the STATE OF ILLINOIS,

R THE TRAINING OF TEACHERS

OF BOTH SEXES

For the Schools of the State.

The course of study covers three years, or if the Latin and Greek languages are included, four years.

But certificates are given for successful work of one and two years.

Students seeking admission to the University should make application to the School Superintendent of the county in which they reside, and are required:

(1.) To be, if males, not less than 17, and if females, not less than 16 years of age.

(2.) To produce a certificate of good moral character, signed by some responsible person.

(3.) To sign a declaration of their intention to devote themselves to school

teaching in this state.

(4.) To pass a satisfactory examination, before the proper officers, (County School Superintendent,) in Reading, Spelling, Writing and Arithmetic, Geography, and the Elements of English Grammar.

MODEL SCHOOL.

The Model School is divided into three grades—the High School, Grammar School, and the Intermediate and Primary School. Each of these grades is under the charge of an experienced and accomplished Principal. For the lowest grade a system of Object Lessons has been prepared with the greatest care. In the Grammar School the work is carefully adjusted to the mental wants of the pupils. In the highest grade are two courses—the classical, which is thorough and extended; and the general, which is a preparation for business.

The services of Mr. E. W. Coy, of Peoria, have been secured for the Princi-

palship of the High School.

Boys and girls from abroad may be confidently intrusted to the care of the rincipals. Monthly reports of deportment and scholarship are sent to parents. Tuition in the Normal Department, free.

In the High School, \$30 per annum

In the Grammar School, \$25 per annum.

In the Intermediate and Primary, \$12,50 per annum. The next Term begins on Monday, April 8, 1872.
